CLUB CLEAN UP DAY SAT 22ND NOVEMBER

Disappointing that we couldn't do our club clean up on Saturday! The Showgrounds Admin team assure us that there is nothing planned on our paddock for 22nd November! So, at 10am we are all go for our Club Clean-up. All members welcome - bring something for a shared lunch .

SAVE THE DATE

CLUB SHIRTS

The Committee is currently looking at some ideas for Club T and Sweat Shirts. These will be available for purchase by members. Watch this space for more info!

CLUB OPEN DAY

We are planning a Club Open Day for 17th January 2026. This is an opportunity to display our courses to the public including Rally O, which will be a new course for next year. We will also promote our usual courses and would love member support to help us with this opportunity for our club. We will keep you posted!

Next Term's Courses will commence with enrolment week 20th to 23rd October

A Word from our President

Hi All,

Just a few words from the committee about how we run our programs and rules etc.

No dogs to be tied up at the back of cars etc and left unattended, even on stakes or fence lines. This rule has been a long time rule that we quite often forget, also if we go out of town for shows etc it's a dogsnz rule so we should really be practicing what we preach.

We have a responsibility to promote a positive and compassionate approach to dog handling, avoiding methods such as smacking, dragging, and excessive growling, and instead demonstrating to new and existing members, as well as pet owners, our dedication to building strong, loving relationships with our dogs.

DogsNZ Agility Standing Orders - Section 14

Control of Dogs

The recommendations contained in this policy are set to provide clubs with some guidance where the regulations are silent on a matter.

A. AT FORMAL EVENTS

Recommendations for Clubs

- Provide clearly defined entry and exit holding areas for all rings
- Ensure a minimum of 5m between adjoining rings where practicable
- Ensure callboards are placed in an area where there is as little congestion as possible
- If possible, provide a second unattended callboard at a second location
- Add grounds policy to prevent dogs being tied up and left unattended
- Keep a tent-free 2-3m perimeter around ring edges
- Provide lead runners to ease handler exit from the rings
- Remind handlers of their responsibility to have control of their dogs at all times.

Recommendations for Judges

- Have a minimum of 7m between the ring edge and the first and last obstacles on courses to allow handlers to have enough room to set the dog up within the ring boundary and to have the dog under control prior to exiting.
- Regulations provide enough distance between the first and last obstacles on a course to prevent finishing dogs interfering with those about to start

Recommendations for Handlers

- All dogs are either contained in a crate/vehicle or trailer or on lead unless toileting them or warming them up
- Do not stake or tie out and leave unattended, any dog in any position on the Event grounds where they are able to lunge out at dogs or people.
- Pay attention to your dog while walking them on lead and keep the lead short enough to prevent them causing problems for people/other dogs passing
- Take care with the use of flexi-leads to ensure that they do not extend to the point where they pose a hazard to others.
- When dogs are off-lead ensure that they are always directly and visually attended
- Show courtesy in the warm-up ring and do not stand talking or walk through the warm-up area unnecessarily
- Muzzle any dogs which have given or may give cause for concern in terms of biting or rushing at other dogs or people

- Bring your dog into the holding/assembly area on lead. Have your dog under control (ie on lead) prior to leaving the holding/assembly area.
- Do not throw your toy out of the holding area
- Do not allow your dog to charge out of the ring under any circumstances
- Do not throw toys for your dog in congested areas or into a group of other dogs.
- Do not leave toys and food unattended around the ring edge

B. AT CLUB AND TRAINING

Recommendations for Clubs

- Provide enough room for all classes without having them interfering with each other
- Educate all handlers of their responsibilities re control of their dogs in general
- Have clear grounds policy regarding the tying up of dogs and when/where on the grounds dogs may be off-lead.
- This policy should discourage handlers from staking or tying out and leaving unattended any dog that is not involved in the training class in a situation where they are able to lunge out at dogs or people or be otherwise disruptive.
- Ensure all instructors know the grounds policy and pass it on to their students
- Encourage all instructors to lead by example in their own control and containment of their dogs
- Foster good relationships between all club members to enable open discussion of potential problem areas/issues
- Welcome input from all members on the safety and control of dogs on the grounds

Recommendations for Instructors

- Set a good example in the way you control your own dogs
- Be clear with your students as to what is expected in terms of off-lead areas/time before, during and after class
- Remind any student of what is required quietly if they are at all inappropriate with the control of the dog
- Encourage ongoing training and reinforcement of basic manners and control throughout the dog's time at club

Recommendations for Handlers

- Ensure that your dog is always under control in accordance to your club's grounds policy
- Pay attention to your dog while walking them on lead and keep the lead short enough to prevent them causing problems for people/other dogs passing
- When dogs are off-lead ensure that they are directly and visually attended at all times
- Show courtesy to other classes
- Bring your dog into class on lead and have it on lead when it is not actually working
- Teach your dogs excellent basic manners
- Do not throw toys for your dog in congested areas or into a group of dogs
- Take care with the use of flexi-leads to ensure that they do not extend to the point where they pose a hazard to others
